EXPERIENCE

Virgin Galactic, Mojave CA – Safety Intern

June 2021 - September 2021

Collaborated with the Environmental Safety Team by contributing to a safety audit for both the Mojave and the Las Cruces offices. Additionally, I contributed to the research and assistance of implementing a safety reporting software system known as Reliance.

The Spaceship Company, Mojave CA – Safety Intern

June 2020 - August 2020

Collaborated with the Vulnerability Management Team, researching various risk assessments, mitigations/remediation, and formulating action recommendations.

PROJECTS

Portfolio Website – HTML, CSS, Javascript, Bootstrap

This personal website portrays my skills and projects with their descriptions and related links.

E-Z Recipes – HTML, CSS, Javascript, Bootstrap

This is a recipe and blog website consisting of creating a small local database system where all recipes are stored in a JSON file. These recipes could later be fetched and displayed on screen.

EDUCATION

University of London – BSc Computer Science

September 2021 - Present (Junior)

Antelope Valley College, Lancaster CA – AS Mathematics

June 2019 - May 2021

Honors Program, President's List, Sum Cum Laude, 3.78 GPA

SKILLS

HTML

CSS/SASS

Javascript

React.js

Bootstrap

Git/Github
